INVEST IN
ORMOC CITY
The City of Beautiful People

“...more beautiful,
bustling, and
flourishing city in
the West Leyte.”

WELCOME MESSAGE

"Through the years, under my leadership, Ormoc City was able to successfully change its image from "just another city in Eastern Visayas" to becoming the safest and most business friendly – at par with other big cities in country."

Ormoc has proven itself to becoming one of the most powerful business players in the country, having transformed itself into a more beautiful, bustling and flourishing city. For this reason, and as what my administration has been working so hard on, Ormoc was able to bring in potential investors and business partners. Whereas previously, we only had a few hundred businesses, we now have double, if not triple of the usual numbers. Malls, food establishments, hospitals, hotels and even call centers continue to mushroom in and around the city.

It is now clear that our efforts through the years, despite major challenges, have paid off and seen us through. Further, our vibrant economy is witness to the alluring attraction of the city's tourism potential and the steady growth of our agriculture, infrastructure and many more. And because of this, "Ormoc City has been identified as the richest city in Eastern Visayas, surpassing bigger and more established neighboring cities and towns in the Province of Leyte." I tell you; big opportunities await potential investors here in Ormoc City! Thus, I urge all potential investors to take advantage of the opportunities our City has to offer. Ormoc City is ready, willing and open to welcome you. It is my hope that you witness first-hand the "business advantage" Ormoc has prepared for you.

Hon. Richard I. Gomez, MBA, DPA
Representative, 4th District of Leyte

WELCOME MESSAGE

In the last five years, Ormoc has transformed into a vibrant and flourishing city, as reflected in the social-economic upliftment of Ormocanons. Indeed— the success of the Ormoc Development Team, under the leadership of Mayor Richard Gomez, has put Ormoc City on the Investors' Map. The fruits of the last five years' projects and policies have become a springboard for the city to achieve greater heights.

While fear and uncertainty plague the average person during the COVID-19 pandemic, wise investors view this time as gainful opportunity. As they say, "Buy low and sell high." There is no better time to make a post-pandemic plan, than during the pandemic. For while the road ahead still looks foggy, those who see the silver lining beyond the dark clouds get to take home the prize. Investors not only have an eye for great opportunities, but more so, for exploiting changes in the economic landscape. One of these changes is a shift towards Countryside Development. During the pandemic, we have proven that remote operations are more than viable. This has blurred the economic and lifestyle advantages of the big cities, making provincial living more attractive.

"In the advent of Countryside Development, the groundwork for foundational systems such as water, power, and physical infrastructure must already be set in motion. These will be the drivers of this next level development of Ormoc City."

To our potential investors, I invite you to take advantage of this fertile opportunity that is Ormoc City—where we offer much more than economic advantages. When you build your business in Ormoc, you will get much more than you expect. For when Ormocanons open their door to you, it always comes with the best of goodwill— and friendship to last generations.

Hon. Lucy Marie Torres-Gomez
Mayor, Ormoc City
